Dhananjay Davhale

Full Stack & AI Engineer | Pune, India | dhananjaydavhale12@gmail.com

I build RAG and LLM systems that turn messy data into answers. Specialising in Python, FastAPI and AWS with 4+ years of product experience.

Experience

Software Engineer - Asset Vantage (Feb 2023 - Present)
Leading AI-powered web apps and RAG platforms. Cut load by 45% with async Python services. Architected SPE extraction pipeline and Cortex knowledge engine.

Full Stack Developer - Exousia (Jun 2021 - Feb 2022)
Built responsive applications with React and Node.js, SQL schemas, REST APIs and reporting dashboards.

Freelance Software Engineer (Apr 2020 - Feb 2021)
Delivered web apps, scrapers and backend APIs for global clients.

Skills

Python, FastAPI, RAG, LLM, Qdrant, AWS, Docker, React, PostgreSQL, Redis
